Dear Valued Patient and Loved Ones:

We would like to personally welcome you to Greeley County Health Services and to immediately thank you for entrusting us with your care. We see this trust as the most important relationship we have in our community. All of our team here at Greeley County Health Services work together to provide you with the very best care.

As caregivers we seek to provide you comfort, education, information and the necessary treatments you need. We also seek to include you in the decisions surrounding your care, privacy and respect that you deserve. Please let us know if there is anything we can do for you or your loved ones that would make you more comfortable or ease any concerns that you may have.

We are blessed to have a talented and caring group of physicians and mid-level providers who have the medical knowledge and compassion to help direct your stay. Our nursing team is second to none in their ability to make you feel like you are their top priority - because you are. Our technology is leading edge and our touch is a bit softer. Our goal is to combine these elements to help and to heal.

If you have any questions or concerns, please do not hesitate to ask. We are here to continue to earn your trust, close to home, here in Tribune. Again, thank you for choosing us to care for you.

Sincerely,

Your GCHS healthcare TEAM

Acute Inpatient Level of Care**Medicare Acute Inpatient:**

- Medicare requires that your physician and the hospital determine the correct billing status for your hospital stay based on established clinical guidelines that consider the severity of your illness and the services your doctor has ordered.

Based on these guidelines, your physician has determined that your billing status for this hospital stay is Acute Inpatient level of care.

- Your expected length of stay in the hospital is 2 or more midnights of medically necessary inpatient hospital care to treat your illness or injury.
- GCHS formally admits you into the hospital on acute care.
- Your physician will decide your actual length of stay based on your progress.
- You have an Acute Inpatient billing status. This stay will be billed under Medicare Part A.
- Medicare A, hospital insurance, covers hospital services, including semi-private rooms, meals, general nursing, drugs as part of your inpatient treatment, and other hospital services and supplies. This includes the care you get in Critical Access Hospitals.
- You may be liable for some charges on your bill if they are not covered under Medicare Part A.
- Your time in acute care does count toward the three midnight inpatient stay requirement for admission to a Swing Bed.
- If your condition changes and a longer hospital stay are needed, your doctor may convert your stay to Swing Bed status as long as you meet the clinical guidelines.

Medicare Service Information:

Medicare regulations are constantly changing. For up to date information and more details on Medicare coverage you can do any of the following:

- Call 1-800-633-4227
- TTY users should call 1-877-486-2048
- Read your "Medicare & You" handbook
- Visit www.medicare.gov/publications to view the "Medicare & You" handbook

BCBS/Commercial Insurance/Kansas Medicaid/Other insurance:

- Upon admission to acute level of care, GCHS will need a copy of your insurance card.
- Each insurance company is different.
- Your insurance will be contacted and provided with requested clinical information.
- It is important for the patient to be aware that an insurance policy is a contract between you and the insurance company. GCHS is not a party to that agreement.
- Most insurance companies require preauthorization for acute inpatient level of care.
- Most insurance companies require concurrent clinical review information to be faxed, called or entered into their electronic systems. Based upon your medical condition and treatment, the insurance company will approve length of stay.
- GCHS and your insurance company(ies) have the right to discuss your insurance benefits.
- GCHS may help the patient, family or personal representative to complete forms needed to receive benefits from your insurance. Any amount paid directly to GCHS on your behalf will be credited to your account.
- At the completion of your hospital stay your insurance will be filed for you.
- You are ultimately responsible for your account.
- A statement of your account will be sent to you. If you have any questions regarding the hospital statement, please call the GCHS billing office at 620-376-4221 extension 505.

GCHS will work closely with you, family member or responsible party in meeting your financial obligations. The business office is located at 321 East Harper, PO Box 338, Tribune, Kansas 67879

Physician Fees:

- During your hospitalization, more than one physician may be making hospital rounds and providing your in-patient care.
- Medicare directives required that each physician who sees the patient must individually bill the patient and submit the claim from his or her services to the patient.
- In the past, all care was billed by the admitting physician only.
- Therefore, it is possible that you may receive a statement from another physician and the admitting physician for care provided while you were hospitalized.
- Please be assured that the total days of billing by a physicians will not exceed what you would have been billed by a single physician before this Medicare regulation went into effect.

Patients Responsibility:

- Patients are responsible to notify family, friends and relatives of their admission to the hospital.
- We respect all patient rights and confidentiality.
- Confidentiality is both a right and a responsibility.
- Please be aware that what you tell another patient, visitor or family member is not legally confidential.
- We encourage you to recognize your responsibility to choose what you discuss with others.
- To better ensure confidentiality of our patients, the area within the nurse's station is designated for staff only.

Care Planning Process/Discharge Information/Care Transitions:

- The patient, family and/or responsible party are encouraged to be involved in the care and discharge planning/care transition process.
- Discharge and Care planning process starts during the admission process.
- As discharge needs are identified, they will be addressed.
- The physician, staff and patient will work together to determine when you are ready to be discharged.
- A nurse will review your physician discharge instructions/care transitions with you.

Personal Items:

- If the patient desires specific personal supplies such as toothpaste, toothbrush, denture supplies, combs, deodorants, powders, shaving supplies, lotions, cosmetics, kleenex, and other items the patient/family must provide them.
- GCHS has personal supplies available for use if needed.
- All medications brought to the hospital will either be sent home or secured in the medication room.

Valuables:

- It is best to send valuables (cash, jewelry) home with your family/friends.
- Patients are welcome to place valuables in a yellow envelope that will be sealed and placed in the lock-up. Please remember to request the valuables at time of discharge.
- GCHS is not responsible for loss, damage or theft of valuables or personal items.

- Any money or personal item may be kept by the patient at their bedside but it becomes their responsibility.

Dietary:

- The patient completes a menu daily to request meals.
- **Meals Times:** Breakfast: 7:15 A.M.
Lunch: 11:15 A.M.
Supper: 5:15 P.M.
- If you are served food that you cannot eat or do not like, let the nursing staff know right away. The nursing staff will notify dietary and provide other food options such as fresh fruit, soup and sandwiches which are available anytime upon your request.
- **Guest Meals:** Guests, family or friends of hospital patients may purchase meals and eat with the patient in their room or dining room.

Visiting Hours:

- The Hospital's visitation hours are 8:00 AM to 9:00 PM.
- We recognize the importance of visitation and social contact to the emotional and psychosocial well-being of a patient.
- GCHS will make reasonable attempts to accommodate special requests if a significant person in the patient's life cannot arrange visitations during these hours due to factors such as work.
- We will honor the patient's requests to the best of our ability to immediate access to family and other relatives regardless of the hour of the day.
- If the patient is able, visitation may occur in patient room, quiet room, lobby or the dining room.
- There is also a gazebo area in between the LTC and hospital that may be used when weather permits.
- Visitation may be restricted at the discretion of the nursing staff, physician, patient and/or family members.
- Children under 12 years old must be accompanied by a responsible adult.

Medications:

- All patients' medications will be billed to Medicare, Medicaid and/or other insurance companies including the supplemental. The unpaid amount will be the patient's responsibility.
- The physician will order what medications you will be given during your hospitalization.
- The nursing staff will be responsible for administering your medications.
- Upon discharge, you will receive a discharge sheet that will include what medications to take when discharged.
- Occasionally, you could be on a medication that GCHS does not keep in stock. GCHS would need to use your own home medications if not available in GCHS pharmacy. Own medications will be marked on your chart and will not be charged. Once the medications become available, the nursing staff will stop using the home medication.
